Ait Melloul /Tangier, Morocco

ABOUT ME

A Computer Science and Software Engineering student at FST Tangier with a passion for innovation and a love for the outdoors. When I'm not diving into the world of tech, you'll likely find me trekking through Morocco's natural landscapes or exploring new cultures.

EDUCATION

Faculty of science and Technology of Tangier | 2023-Present

DEUST - Genie Informatique

This program provides a rigorous foundation in both the theoretical and practical aspects of modern computing. The curriculum balances core scientific principles—such as Numerical Analysis and Graph Theory—with advanced software engineering skills including Database Management (RDBMS), Information Systems, and Full-stack Web Development.

Al Maarifa Highschool , Ait melloul | 2023

Scientific Baccalaureate (Physics & Chemistry)

A high-level secondary education focused on The exact sciences . This degree provided a robust foundation in problem-solving and logical reasoning, with a heavy emphasis on calculus, mechanics, and experimental methodology. It served as the gateway to specialized engineering studies by fostering a disciplined approach to complex scientific challenges.

WORK EXPERIENCE

Librarie Star , Ait Melloul | 2024

Bookstore Assistant & Cashier

- Customer Relations
- Operational Management
- Financial Responsibility
- Organization

Cafe Marhaba , Ait Melloul | 2023
